Description

Game Name?

[DJ hero]

Game ID? (right click the game in the game list, Properties, Info tab)

[Swae52]

MD5 Hash? (right click the game in the game list, Properties, Verify tab, Verify Integrity button)

[000100000/53574145]

What's the problem? Describe what went wrong.

[For Android the on-screen controls don't work]

What steps will reproduce the problem?

[Start game and no controls apart for A]

Is the issue present in the latest development version? For future reference, please also write down the version number of the latest development version.

[5.0]

Is the issue present in the latest stable version?

[Yes / 5.0]

If the issue isn't present in the latest stable version, which is the first broken version? (You can find the first broken version by bisecting. Windows users can use the tool https://forums.dolphin-emu.org/Thread-green-notice-development-thread-unofficial-dolphin-bisection-tool-for-finding-broken-builds and anyone who is building Dolphin on their own can use git bisect.)

[First broken version number here (if applicable)]

If your issue is a graphical issue, please attach screenshots and record a three frame fifolog of the issue if possible. Screenshots showing what it is supposed to look like from either console or older builds of Dolphin will help too. For more information on how to use the fifoplayer, please check here: https://wiki.dolphin-emu.org/index.php?title=FifoPlayer

[Attach any fifologs if possible, write a description of fifologs and screenshots here to assist people unfamiliar with the game.]

What are your PC specifications? (CPU, GPU, Operating System, more)

   [Android SD 855]

Is there anything else that can help developers narrow down the issue? (e.g. logs, screenshots, configuration files, savefiles, savestates)

[Anything else here]

History

#1 - 01/27/2021 03:44 PM - JosJuice

- Issue type changed from Bug to Feature request

- Priority changed from Normal to Low

- Subject changed from Android controls to Android touch controls don't support turntable extension

- Operating system Android added

- Operating system deleted (N/A)

This is a rather poorly formatted issue report, but I know the Android touch controls don't support the turntable extension that this game requires, so I'll treat this as a feature request for adding that.
